FOR IMMEDIATE RELEASE

Noise Advisory for Schofield Barracks

SCHOFIELD BARRACKS, Hawaii – Residents in the vicinity South of Wheeler Army Airfield may experience periodic increases in noise Dec. 11 and 12, as a result of scheduled training exercises.

The training will include the use of artillery and .50 CAL simulators. Training will be conducted from approximately 8 a.m. - 6 p.m.

Please note, the training date is subject to change. Additionally, overcast conditions may increase noise and vibrations.

The Army in Hawaii appreciates the community's understanding and continued support of local Soldiers and their families. While sometimes loud, the sounds of training represent how the Army ensures our nation's Soldiers are ready to accomplish the mission and return home safely.

To report concerns related to noise or training, please call the U.S. Army Garrison-Hawaii (USAG-HI) Noise Concern Line at 656-3487. The USAG-HI Public Affairs Office will contact you about your concern during regular business hours, Monday through Friday, 8 a.m.- 4 p.m.
